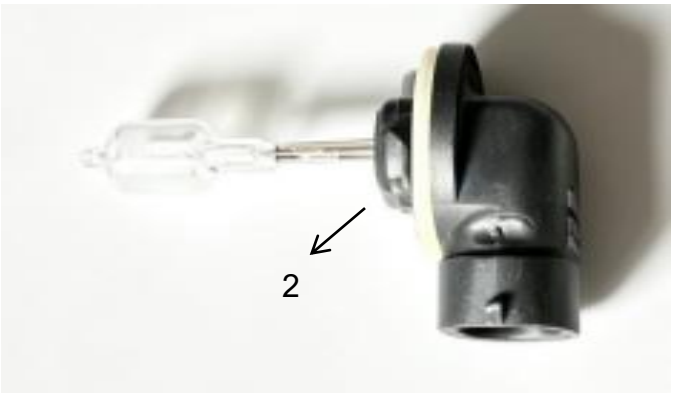
Left Headlight w/ Bulb for Polaris Sportsman 500

YAP-030501-037

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted. Please retain these installation instructions for future reference.
This Left Headlight w/Bulb is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris.
Note: Please refer to the installation video in the Amazon listing before your installation, or contact the seller for the installation video.

PRODUCT AND ACCESSORIES



No.	Item	Qty.
1	Left headlight housing	1pc
2	Bulb, halogen	1pc

INSTALLATION INSTRUCTIONS

1. Shift vehicle transmission into “PARK”. Turn key to “OFF” position and remove from vehicle.
2. First, install the supplied halogen bulb into the lamp housing. As shown in Figures 1 and 2:

3. Disconnect the wire harness connector of the original headlight and remove the original headlight, then transfer the metal clips from the original headlight to the new headlight housing in their original positions, as shown in Figures 3 and 4:

4. Install the new headlight back onto the vehicle, reconnect the harness connector, and then secure it with the original screws. As shown in Figures 5–7:

Note: When installing the headlight, make sure the positioning posts on both sides are aligned with and snapped into the corresponding slots on the vehicle. If the vehicle is equipped with rubber bands, wrap them around the posts for additional fixation.

5. Installation complete! Replace and install the other side in the same manner.
