ZP-YJ-030502-042

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

IMPORTANT

This *RGB Light Kit* is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK".
Turn key to "OFF" position and remove from vehicle.

Product picture and accessories

1. Install batteries on the spotlight remote controller first, prepare a pair of tweezers or utility knife, pry it open along the edge of the controller, then install 2 round batteries, and then close the controller. As the picture shows:

Note: Refer to the battery model in the picture (Batteries are not included in the product package).

Remote control function:

- A:** Color light mode 1
- B:** Color light mode 2
- C:** Turn off
- D:** Spotlight mode

2. First remove the original hood and center mesh grill, after removing the decorative net on the hood, install the spotlight on the hood and fix it with self-tapping screws. As shown in the picture:
