

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted. Please retain these installation instructions for future reference.

IMPORTANT

This FOLDING SIDE VIEW MIRRORS KIT is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris.

INSTALLATION INSTRUCTIONS

1. Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.
2. Product image.

3. First, remove the original reverse mirror from the vehicle, then unscrew the fixed screws of the reverse mirror surface pressure frame, then remove the reverse mirror mirror, remove the mirror bracket and the cover of the reverse mirror.

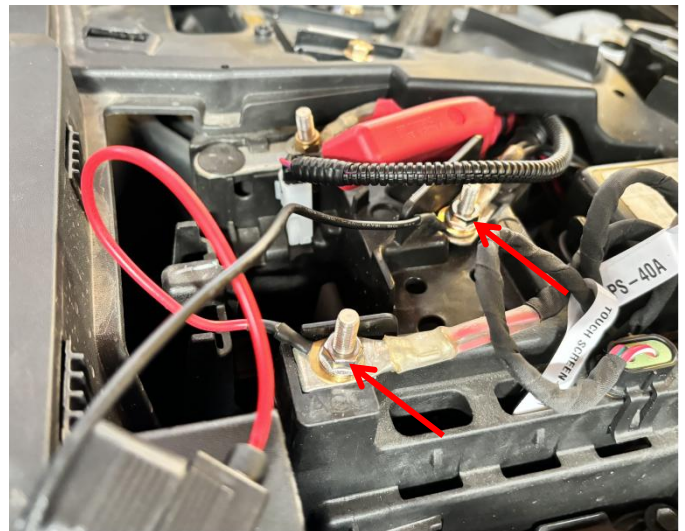

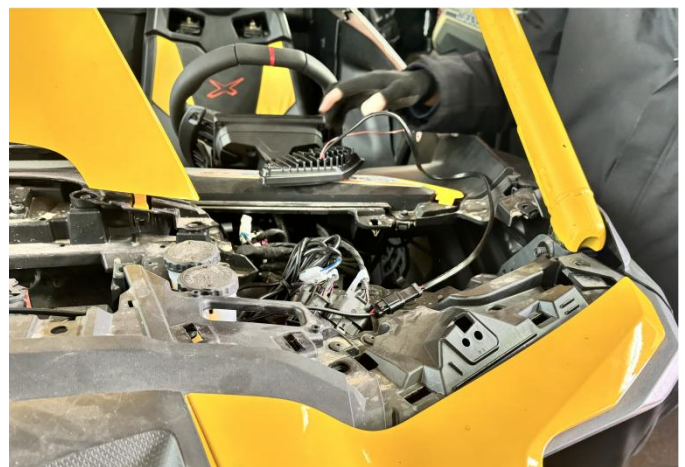

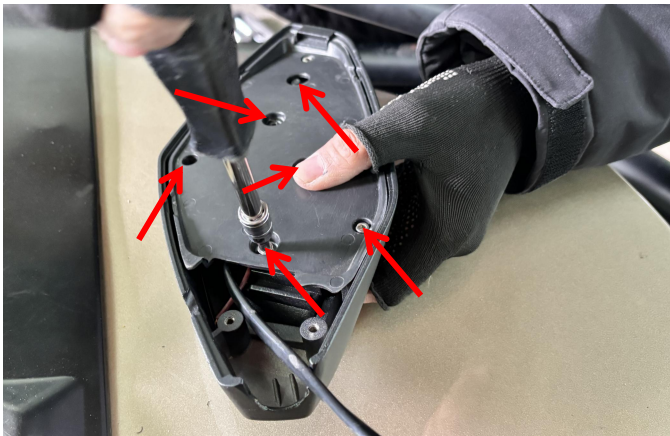

4. Mount the lamp on the back housing of the reverse mirror lamp, the lamp harness extends outside through the slots on the side, and finally reattach the mirror bracket, the mirror, and the outer compression frame (the other side of the reverse mirror is mounted using the same method).

5. Will install the lights of the reversing mirror back to the vehicle, and then open the vehicle's original cover as well as the audio bracket, prepare the product supporting the control line, first of all, the power cord on the control line were connected to the positive terminal of the ACC junction box and the vehicle's battery light negative pole. As shown in the picture:

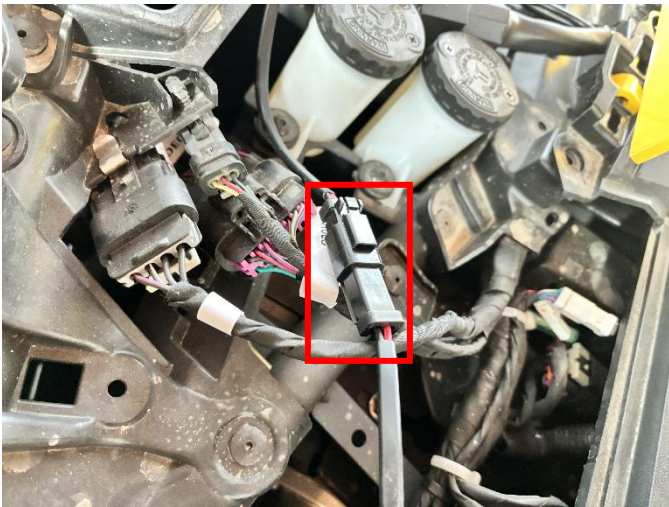

Note: ACC connected to the red line, the battery connected to the black line.

6. Connect the wiring harness of the reversing mirror light with the plug-in corresponding to the control line, then pull the control line along the light gap to the cab, and stick the control switch on the control panel, and finally install back the audio bracket as well as the cover.
