

Front Fender Flares for Kawasaki Mule Pro FXT

ZP-YJ-031010-003

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

These Front Fender Flares are exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

Product and accessories picture:

1. First, use the matching screws to assemble the separate fender flares into a whole. As shown in picture:

2. Place the fender flare on the original fender flare, adjust the position and fix it with M5 * 16 self tapping screws. (Install the other side in the same way) As shown in picture:
