

Tail Light Cover for Yamaha Raptor 700

ZP-YJ-031103-017

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

The Tail Light Cover is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

Product and accessories picture:

1. First, remove the rear fender flare of the original vehicle. As shown in picture:

2. Disconnect the wiring harness plug of the original vehicle tail light, and then remove the tail light cover. As shown in picture:
