

# Side Mirrors for Honda Pioneer 1000

ZP-YJ-030905-035

SAUTVS

## BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted. Please retain these installation instructions for future reference.

This *side mirror* is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris.

## PRODUCT AND ACCESSORIES

## INSTALLATION INSTRUCTIONS

1. Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.
2. First, remove the screws at the A-pillar of the vehicle and replace them with the long-sized screws in the package. Reinstall the new screws back to original positions, and then add an aluminum liner tube to each of the two screws. After that, install the side mirror mounting bracket onto the screws and fix it with nuts. As shown in the figure:

3. Use the screws and nuts in the package to fix the side mirror onto the bracket (install the other side in the same way). As shown in the figure:

**Note:** Please refer to the installation video in the Amazon listing before your installation, or contact the seller for the installation video.

4. The installation is complete.
