

LED Fang Lights for Polaris RZR XP 1000/XP 4 1000 2024+

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

IMPORTANT

The *LED Fang Lights* are exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK".
Turn key to "OFF" position and remove from vehicle.

Product picture

1. First, remove the lower lip of the original front bumper and the protective plate. As shown in the picture:

LED Fang Lights for Polaris RZR XP 1000/XP 4 1000 2024+

2. Remove the original front bumper and the grille.

3. Use the steel clips and self-tapping screws in the accessory kit to fix the Fang lights on the original vehicle grille. Then prepare the matching adapter cables, disconnect the center daytime running light wiring harness on the original vehicle, and reconnect it with the adapter cable correctly. Also connect the wiring harness plug-ins of the Fang lights to the adapter cable correspondingly. Next, start the vehicle to check if the Fang lights turn on normally. After confirming everything is correct, reinstall the grille, front bumper, and other accessories to their original positions. As shown in the picture:

Note: When reinstalling the parts back, fix the front bumper first, then install the grille to avoid mutual interference that may prevent proper installation.

If you purchase the version with turn signals, the turn signal lights can be connected as needed, you need purchase an extra steering strobe device and connect the yellow wire by yourself.
