

Rear Seat Speaker Pods for Polaris RZR PRO XP/R 2025+

ZP-YJ-030503-191

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

IMPORTANT

The *Rear Seat Speaker Pods* are exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

Product picture

Note: This product does not include speakers

1. Fold down the rear seat backrest of the original vehicle, and remove the original vehicle speaker bracket. Then, replace and install the iron bracket that comes with the new speaker pod. As shown in the picture:

2. Remove the original-sized audio speaker and reinstall it on the new speaker pod. Fix it with self-tapping screws. Install the matching clips on the outer frame of the speaker pod. After that, press and fasten the outer frame onto the rear shell of the speaker pod. As

shown in the picture:

Finally, use the original vehicle screws to fix it in place (replace and install the other side in the same way). As shown in the picture:

3. Thread the wiring harness of the speaker pod through the wiring hole. Then, snap the new speaker pod onto the iron bracket below.
