

Side Mirrors for Kawasaki Mule PRO-MX

ZP-YJ-031005-020

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

These Side Mirrors are exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

Product and accessories picture:

1. First, remove the 2 screws at the A-pillar of the original vehicle. Then, use the screws provided with the product to thread the bracket and lining tube onto the screws, and then re fix them back onto the A-pillar. Finally, use the matching screws and nuts to secure the reversing mirror to the bracket (the other side can be installed in the same way). As shown in picture:
