

Vented Engine Cover for Polaris RZR XP 1000 / RZR XP Turbo 2014-2023

ZP-YJ-030503-202

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

IMPORTANT

The *Vented Engine Cover* is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

Product picture

1. Combine Part 1 and Part 2 using 12 M5*12 hexagon socket head cap screws and 12 M5 locknuts, as shown in the picture.

2. Install the hood button (Part 4) onto Part 2, as shown in the picture.

3. Open the original engine plastic cover and remove it.
