

Rear Bumper for Honda Talon 1000

ZP-YJ-030906-005

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

The rear bumper is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

Product and accessories picture:

1. Assemble part 1, 2, and 3 using 8 M8 * 50 hex screws and 8 M8 jam nuts, with one sleeve a, one sleeve b, and two sleeves c. As shown in the picture:

2. Remove the four nuts at the rear of the original frame. As shown in the picture:

3. Install the rear bumper onto the frame using the four nuts that were just removed, tighten the screws, and complete the installation.

Note: Please refer to the installation video in the Amazon listing before your installation, or contact the seller for the installation video.
