

# UTV 6x9" Roof Speaker Pods

YAP-030603-253

SAUTV5

## BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted. Please retain these installation instructions for future reference.

## IMPORTANT

This UTV ROOF SPEAKER PODS KIT is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris.

**Note:** Please refer to the installation video in the Amazon listing before your installation, or contact the seller for the installation video.

## INSTALLATION INSTRUCTIONS

1. Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.
2. Product image: This product is compatible with 6x9-inch speakers.  
(This product does not include speakers)

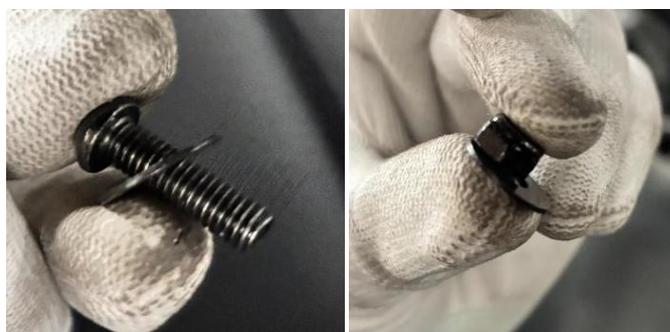

3. First, attach the included foam pad to the bottom edge of the bracket (covering the entire circumference). Place the speaker you have prepared into the bracket. Prepare a 4.5mm drill bit and drill holes according to the speaker's mounting hole positions. Then secure it using the included M4x20 screws, M4 lock nuts, and M4 flat washers.

4. Select a relatively flat area on the vehicle roof. Place the speaker bracket on the surface and prepare a marker pen. Mark the mounting holes on the speaker bracket. Then use a 6.5mm drill bit to drill holes at the marked locations. Finally, secure the bracket using the included M6x25 screws, M6 lock nuts, and M6 flat washers.

5. Installation complete.
