INSTALLATION INSTRUCTIONS

1. Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.
2. Use the provided screws and nuts to assemble the split cover into a complete unit. As shown in the figure:

3. First, remove the original cover (including the factory steel clips, then install the new steel clips included with the replacement cover). Replace it with the new cover and secure it using the provided screws and flat washers. As shown:

Note: When installing the cover plate, align the positioning tabs on the cover with the corresponding slots on the vehicle.
