

## BEFORE YOU BEGIN

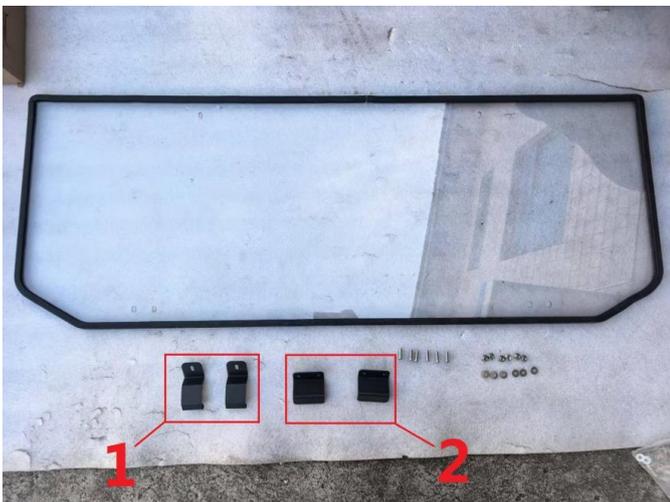

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

The Rear Windshield is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

## INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

Product and accessories picture:

1. Install the two brackets 2 onto the lower end of the windshield using four M6\*20 hexagon head screws, four M6 flat washers, and four M6 lock nuts, as shown in the figure.

2. Install the rear windshield onto the rear compartment, and clip bracket 2 into the lower end of the rear compartment, as shown in the figure.

3. Connect the rear windshield to the upper end of the rear window using two M6\*20 hex screws, two M6 flat washers, and two M6 lock nuts with two brackets 1, and tighten the screws and nuts to complete the installation.

# Rear Windshield for Kawasaki Ridge
