

## BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

## IMPORTANT

The *Front Fascia* is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

## INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

Product picture

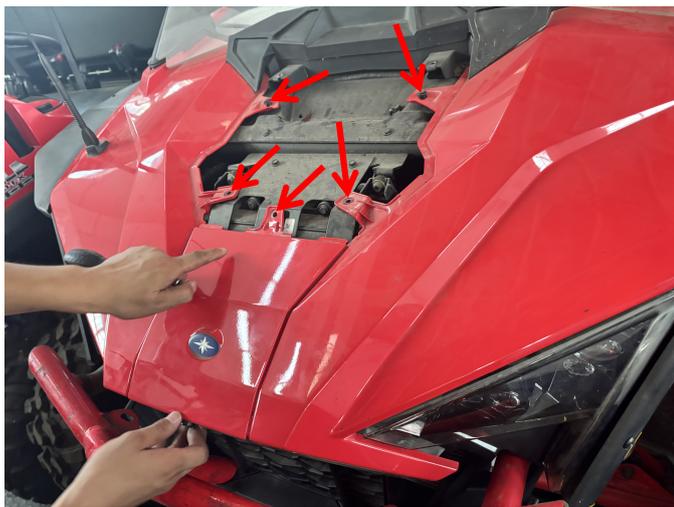

1. Use the self-tapping screws provided with the product to assemble the split front fascia into a complete unit. As the picture shows:

2. Remove the original vehicle hood, front fascia, and lower shield. As the picture shows:

shows:

3. Detach the headlights from the original front fascia and transfer them to the new front fascia (original metal clips must also be transferred). As the picture

4. Reinstall the front fascia with the headlights onto the vehicle, reconnect the headlight wiring harness plug-ins, and then reattach the previously removed shield and hood in their original positions. As the picture shows:

**Note:** Please refer to the installation video in the Amazon listing before your installation, or contact the seller for the installation video.

5. Installation is complete.
