

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

The Rear Windshield is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

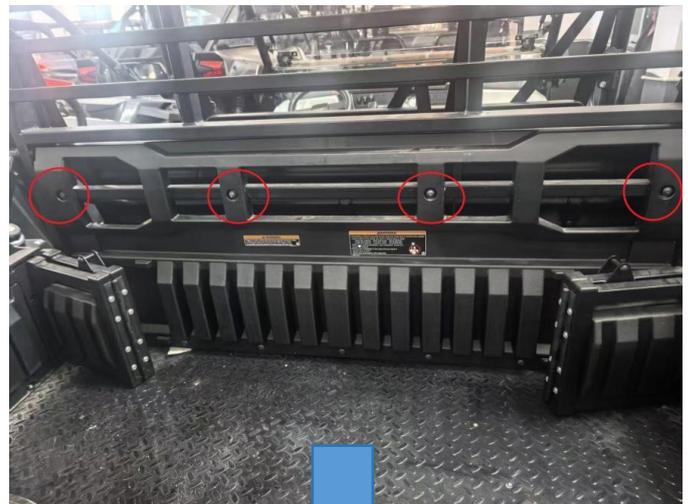

Product and accessories picture:

1. Assemble PC board 1 and PC board 2 using eight M6 x 20 hexagon socket screws, four mounting brackets 3 and four brackets 4 (Brackets with nuts are fitted on the inner side), as shown in picture:

2. Remove the four bolts from the rear frame. As shown in picture:

3. Secure the rear windshield to the rear frame using four M6 x 35 hex socket screws, four M6 washers and four aluminium sleeves. As shown in picture:

Rear Windshield for Kawasaki MULE PRO-FXT

YAP-031111-024
