

Cooling System Protection Cover for Can-Am Outlander 1000R XMR

YAP-030603-286

SAUTV^{VS}

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted. Please retain these installation instructions for future reference.

This *Cooling System Protection Cover* is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris.

Note: Please refer to the installation video in the Amazon listing before your installation, or contact the seller for the installation video.

PRODUCT

INSTALLATION INSTRUCTIONS

1. Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.
2. Remove the original cover plate (refer to Figure A); Then locate the two Latches on the sides of the original cooling system protection cover. Lift the latches upward and flip them outward to release the locking mechanism. (refer to Figure B).

3. Once the latches are released, carefully remove the original cover from the vehicle (refer to Figure C).

4. Align the mounting tabs of the new cooling system protection cover with the corresponding mounting holes on the vehicle frame. Insert the Mounting Tabs into the holes first (refer to Figure D).
